<input type="checkbox"/> Alternative Fuels	<input checked="" type="checkbox"/> Other
<input type="checkbox"/> Renewable Energy	

3. Project Information	
a. Please provide a brief descriptive title for the project.	
b. The project cost estimate is the expected cost of the project to be considered by the committee for approval, which may differ from the total project cost in the case of matching funding opportunities. Any funding request is a 'not-to-exceed' amount. Any proposed expenditure above the requested amount will require a resubmission.	
c. List the source of project cost estimates.	
d. Provide a brief explanation in response to question regarding previous funding.	
3a. Project Title	Water Refill Stations <i>Honors - 1st floor</i>
3b. Project Cost Estimate	3,500
3c. Source of Estimate	Facility Services & Center for Energy Efficiency
3d. If previous funding from this source was awarded, explain how this request differs?	
<small>We requested 2 bottle fillers (one for each floor of the building) in 2018. Only one was funded. We are again requesting funds for the second one.</small>	

4. Project Description

(Completed in as much detail as possible.)

- a. The scope of the work to be accomplished is a detailed description of project activities.
- b. The benefit statement describes the advantages of the project as relates to the selected project category.
- c. The location of the project includes the name of the building, department, and/or specific location of where the project will be conducted on campus.
- d. List any departments you anticipate to be involved. Were any departments consulted in preparation of this request? Who? A listing may be attached to this form when submitted.
- e. Provide specific information on anticipated student involvement or benefit.
- f. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- g. Provide any additional comments or information that may be pertinent to approval of the project funding request.

4a. Scope: Work to be accomplished

Remove existing water fountain on first floor of Honors Building and install new water fountain with bottle fillers. A bit of additional finish work in the install area may be required since there is wood paneling below and beside the current fountain and wallpaper where the new bottle filler would be located.

4b. Scope: Benefit Statement

Provide filtered, cold water for students and visitors. Existing units make filling water containers difficult due to low water pressure.

4. Project Description (continued)
<p>4c. Location of Project (Building, etc.) HONR first floor, located between the men's and women's restrooms</p>
<p>4d. Participants and Roles</p>
<p>4e. Student participation and/or student benefit The bottle filler on the first floor would be close to 5 classrooms and a student lounge. This is also the location where tour groups come through. This bottle filler will primarily be used by students and visitors.</p>
<p>4f. Future Operating and/or Maintenance Requirements</p>
<p>4g. Additional Comments or Information Pertinent to the Proposed Project</p>

5. Project Performance Information

Provide information if applicable.

- a. Provide information on estimated annual energy savings stated in units such as kW, kWh, Btu, gallons, etc.
- b. Provide information on estimated annual energy cost savings in monetary terms.
- c. Provide information on any annual operating or other cost savings in monetary terms. Be specific.
- d. Provide information about any matching or supplementary funding opportunities that are available. Identify all sources and explain.
