- f. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- g. Provide any additional comments or information that may be pertinent to approval of the project funding request.

4a. Scope: Work to be accomplished

Installation of recycle and waste disposal centers in Student Union. These units are made from 100% recycled milk jugs and are an excellent representation of what Green initiatives should look like. This is an initial project. If these units prove to be successful which the research suggests, we would begin to add to this over the next number of years.

4b. Scope: Benefit Statement

These will benefit by adding more visibility to the recycling program. These units are provided to encourage more recycling and waste disposal into the correct containers as they are grouped together with clear signage.
