

Early Childhood Education Students Complete Grant Project

Jane Seok Jeng Lim's Infant and Toddler Practicum students used an EXL Grant to purchase materials for a Make N Take session with the families in the infant toddler class in MTSU Child Development Center at 820 Fairview Building on November 17, 2017.

This was the first time the students coordinated this family event for both parents and child to come together with the MTSU students in the Infant Toddler Practicum as part of the class activity. Parents were invited to participate with the children on any of the 6 activities provided. They could choose to move from table to table to complete their Make N Take activity within the time allocated. The event was a success for both the students as well as the families that attended, and multiple parents who attended requested to have more of such events in the future.
