Re: SGA Resolution 2-99-S

Date: March 3, 1999

I have reviewed the referenced legislation and would advise you that changes in promulgated rules regarding traffic and parking on campus are the exclusive province of the University Traffic and Parking Committee. By copy of this memorandum, I am requesting Ms. Connie Hagberg, Manager of Parking Services, to bring this legislation to the attention of the Committee for their consideration and action. I would strongly encourage you to ensure that the student members of the Traffic and Parking Committee stay in contact with Ms. Hagberg with regard to the status of this proposal.

I commend the sponsors for taking the initiative in bringing this matter forward and congratulate them on their efforts to improve the quality of student life at MTSU.

Please let me know if you have any questions.
