

SGA Resolution 28-03-F

A resolution to require professors to email students to let them know when classes are cancelled due to inclement weather.

Whereas: Most students at Middle Tennessee State University commute to class,

Whereas: Students can be needlessly put into dangerous situations when driving or walking to class during bad weather, especially snow, just to find out that their class is cancelled,

Whereas: Professors may cancel classes during bad weather, even though the university is still open,

Therefore, let it be resolved by the 66th Congress that:

Section 1: Professors must get an email list of students in their classes.

Section 2: Professors must email their students two hours before the start of class time when they cancel class due to the weather.
