

SGA Resolution No. 7-04-F

A Resolution to extend the time required for a student to add a class to his or her schedule

Whereas: There is not enough time to add classes before the last day to add classes has expired

Whereas: A student who needs a class can't enroll because the last day to add a class is too soon, and students who do not intend to take the class have not yet dropped it.

Whereas: The first week of school is very hectic for returning students; this extension would give students an extra weekend to adjust their schedules for the semester.

Whereas: Teachers complain that their classes are small, but they can't add students who need the class because the add date has passed.

THEREFORE, LET IT BE RESOLVED BY THE 67TH CONGRESS OF THE STUDENT GOVERNMENT ASSOCIATION OF MTSU THAT:

Section 1: Students should be able to add classes to their schedule no later than the Monday of the second week of school during the normal academic year (not including summer sessions).

Section 2: Teachers would be allowed to add students up to two weeks after the first day of class during the normal academic year with special permission of both the teacher and department.
