

Resolution 9-09-F

A resolution to have a TV or TV's in McCallie in Corlew Hall.

WHEREAS: Many students, especially freshman, eat at McCallie in Corlew Hall alone, and having televisions in the area would create a more enjoyable dining atmosphere.

WHEREAS: McCallie is a main dining hall on campus, like the KUC, but does not have the entertainment amenities the KUC has.

WHEREAS: Televisions in the KUC are used to inform students of what is going on, and having televisions in McCallie could help update students, especially freshman, of what is going on around campus.

WHEREAS: Televisions could be used to display weekly menus so that students can look forward to the food that is being offered throughout the week.

WHEREAS: Music does not play in McCallie anymore, so some kind of background noise would be appreciated.

THEREFORE, LET IT BE RESOLVED BY THE 72nd CONGRESS OF THE STUDENT GOVERNMENT ASSOCIATION OF MTSU THAT:

Section 1: At least one or two televisions be placed in McCallie in Corlew Hall so that students may have something to do while eating,

Section 2: The televisions would display what the televisions in the KUC display.

Section 3: Upon approval of the administration, this resolution shall be completed by no later than March 2010.
